

PICK YOUR PROTECTION

And see how your coverages and premium vary based on the selection you make.

Here are some potential ways to insure the same home and auto. Although these samples are for illustrative purposes only, the coverage options and pricing impacts are actual.

Home insured for \$195,000; auto liability coverage is \$500,000.

Wespak with additional discounts and higher deductibles

As your agent, I'll help you get the best value for your insurance dollar by showing you the options that affect your coverage and your premium.

I didn't realize I had that much control. I just need some good advice to help me choose the right options.

A package policy for your home and auto, like Wespak, offers a discount on your premium and the simplicity of a single policy.

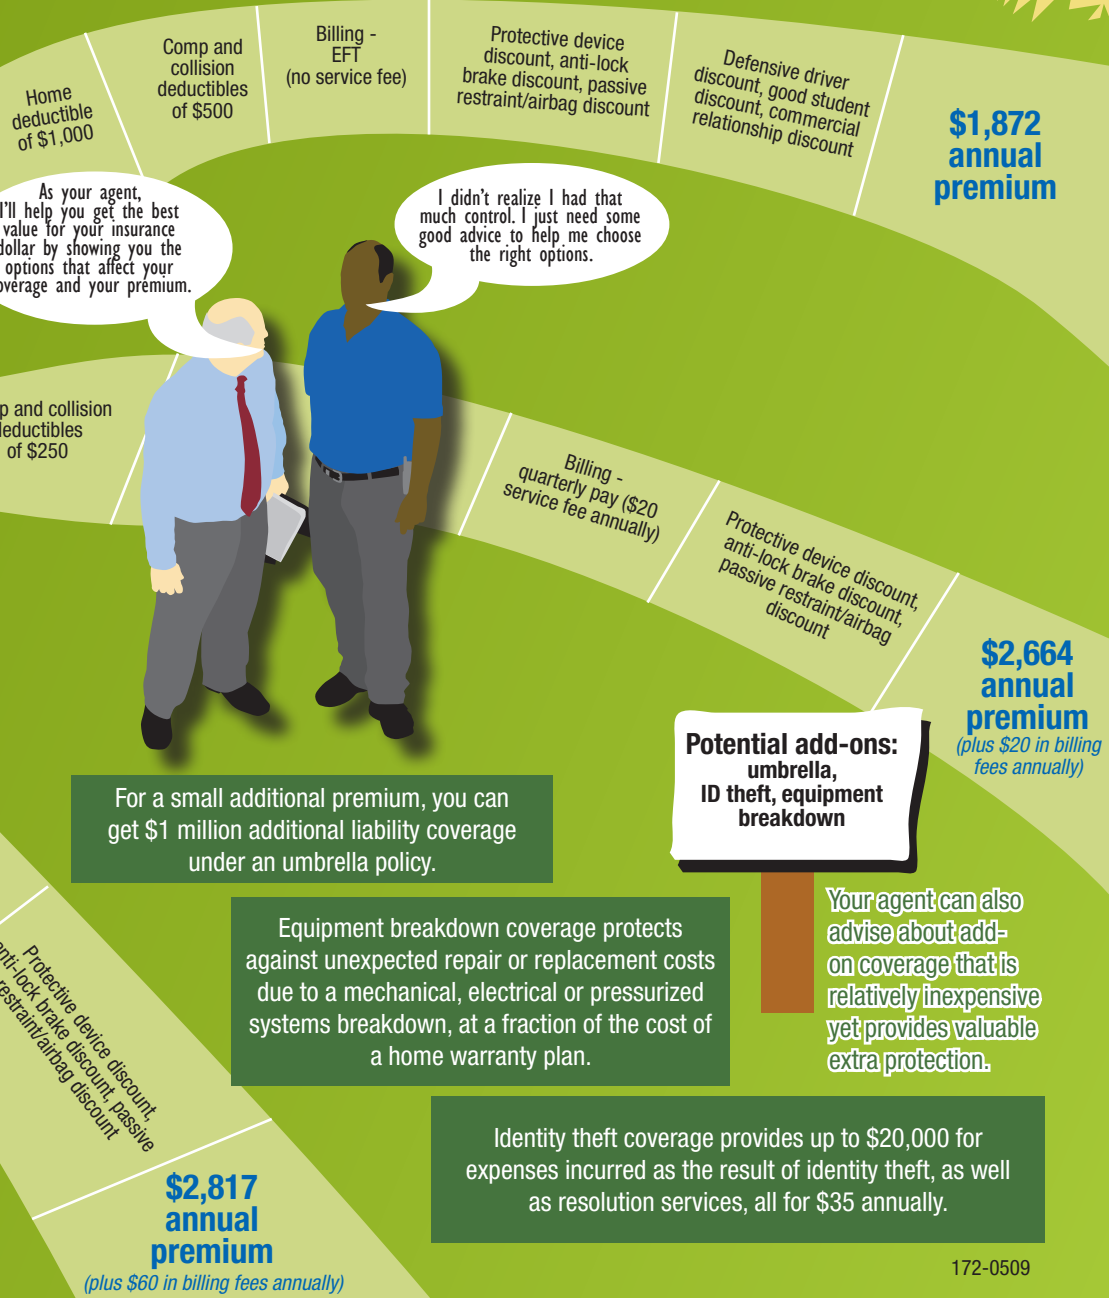

Choose the highest home and auto deductibles you can afford to lower your premium.

Are you paying unnecessary billing fees?

Many customers are unaware of the discounts they are receiving - or what they might be eligible for.

For a small additional premium, you can get \$1 million additional liability coverage under an umbrella policy.

Equipment breakdown coverage protects against unexpected repair or replacement costs due to a mechanical, electrical or pressurized systems breakdown, at a fraction of the cost of a home warranty plan.

Identity theft coverage provides up to \$20,000 for expenses incurred as the result of identity theft, as well as resolution services, all for \$35 annually.

Potential add-ons:
umbrella,
ID theft, equipment
breakdown

Your agent can also advise about add-on coverage that is relatively inexpensive yet provides valuable extra protection.
